Amended 2nd Reading

- injury to 2 or more persons by means of a deadly weapon;
- Cause the death of a child who is under 12 years old; or
- Cause the death of a peace officer, emergency medical service provider, emergency medical care provider, or firefighter engaged in the performance of their duties.

The bill creates a new charge of murder in the second degree if a person engages in conduct that creates a grave risk to human life with an extreme indifference to the value of human life and causes the death of only one other person.

The bill creates the offense of aggravated vehicular homicide by operating a motor vehicle in a reckless manner or while under the influence of or impaired by alcohol or other drugs and causing the death of another person when the person also:

- Has been convicted twice of driving under the influence or driving while ability impaired;
- Has been convicted of vehicular homicide or vehicular assault;
- Commits the offense while eluding or attempting to elude law enforcement;
- Commits the offense while in flight from the commission of another felony offense, not including a traffic offense; or
- Commits the offense while driving at a high rate of speed, creating an imminent risk of death or serious bodily injury to another person.

The bill creates the new offense of negligent vehicular homicide if a person drives a motor vehicle with criminal negligence and causes the death of another person. Negligent vehicular homicide is a class 5 felony.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2           **SECTION 1. Legislative declaration.** (1) The general assembly  
3 finds and declares that:

4           (a) Within the current Colorado sentencing structure, originally  
5 based on the Model Penal Code, there exists confusion and imbalance in  
6 offenses involving the extreme indifference mental state in crimes  
7 resulting in death;

8           (b) As a result, Colorado has become one of the most punitive  
9 states in the country for extreme indifference or similar mental states but  
10 has not appropriately addressed aggravating circumstances and most

1 common culpable mental states for other crimes. Legislation that will  
2 create a more thoughtful and balanced sentencing structure that is  
3 consistent with Colorado case law while responsive to the need for  
4 community safety is necessary.

5 (c) Accountability for deaths caused by drivers in Colorado  
6 requires a fuller range of defined crimes and penalties to account for  
7 differences in mental state and aggravating circumstances; and

8 (d) The alignment of Colorado's homicide crimes with national  
9 standards will better serve Colorado and our criminal legal system.
